MCEDSV
Our Mission
MCEDSV is dedicated to the empowerment of all the state’s survivors of domestic and sexual violence. Our mission is to develop and promote efforts aimed at the elimination of all domestic and sexual violence.
Our Vision
MCEDSV is Michigan’s catalyst for creating empowered and transformed individuals, communities, and societies committed to building a lasting legacy of equality, peace and social justice, where domestic and sexual violence no longer exists.
How do we come together is in how we introduce ourselves......
The foundation of our advocacy work is based on the following core tenets: Survivor Centered, Trauma Informed, & an Intersectional approach
Survivor-Centered, adj.

A survivor-centered approach is one that places top priority on the rights, needs, and wishes of the survivor. In this approach, survivors are treated with respect and dignity, while maintaining decision-making power and their autonomy.
