

PRIORITY POLL 2018 INTERVENTION

50%

of state and territory
sexual violence coalitions
participated in the survey.

The National Sexual Violence Resource Center (NSVRC) seeks feedback from the 60 state and territory sexual assault coalitions on their priorities in the bi-annual Priority Poll. Below are the top five intervention priorities identified by sexual violence coalitions.

INTERVENTION PRIORITIES

1. Access to services for culturally specific, underserved, and unserved populations
2. Best practices in advocacy services
3. Trauma-informed care
4. Training for advocates
5. Improving justice outcomes for victims
